

**Did you know
that, by law, all
of DC's single
stall bathrooms
should look**

...like this?

Help make DC's bathrooms safe for trans folk by reporting single-stall bathrooms that are gender-segregated. Seventy percent of respondents in a DC Trans Coalition survey reported being harassed or assaulted in gender-segregated bathrooms.

Do your part by e-mailing the names of noncompliant public spaces (anywhere from bars to cafes to libraries) to DCTCBathrooms@gmail.com. Reported businesses won't be punished unless they refuse to make their single-stall bathrooms gender-neutral.
